

SHASTA COUNTY PEACE OFFICERS ASSOCIATION

SCPOA Standing Rule 10-008

The SCPOA provides a firearms training facility for use by local Law Enforcement in Shasta County, in addition SCPOA's Liability insurance covers the Shasta County Peace Officer's Association Training Facility ONLY, not the user. In the past 18-months the SCPOA Board of Directors have been reviewing and studying the use of metal targets on the firing ranges. After exhaustive research; visiting other ranges, looking at different types of metals, how to enforce types of metal used, and safety concerns, it was the recommendation to ban all metal targets from the Record Range training facility.

This recommendation was voted on and passed unanimously on April 12, 2010 by the SCPOA Board of Directors.

Adopted: 05/17/2010
